Agreement of Goals

Black Impact Houston - Build Black Houston

Black-led organizations often create networks of support that are rooted in hope and possibility. Black Impact Houston, launched in March 2021, has evolved into a space for leaders of Black-led organizations to convene and position themselves to respond collectively to the cultural shift for racial equity in our region.

Collaboration & Community Engagement

**What do we
Mean?**

**How Does Your
Body Feel
When we get
collaboration
right?**

**How does your
body feel when
we experience
challenges
with
collaboration**

**What would
collaboration look
like if there was less
of a focus on getting
along and more on
being generative?**
